Part 2 – DEATH???

It will behoove you to be totally grounded in “Who/What You Are” before continuing with this series. Therefore I highly suggest you start with taking

the **FREE “Self-Discovery”** course offered by my partner *Jackie*

who writes articles for this magazine entitled:

~ *Embracing the Truth of Your Divinity* ~

~ ~

Continue reading **ONLY** if you are ready to take ownership of the reality that You Created and is presenting itself back to you.

Dear Cosmos:

In your July article, you introduced the concept that TIME only exists in physical realities and that it is blinking on-and-off with what some people would call a parallel world similar to ours. What happens between the blinking? Where do we, or our individual consciousness, go when it’s not observing a physical reality that already exists?

Namaste Where-do-we-go Persistent Inquisitor...

GOoD question!!! We Die! Woooooooooo... I bet you weren’t expecting that answer. Tee Hee

Not to worry though, because this Death is painless and not readily available for our conscious mind to feel, embrace, and/or experience. It is like the space between notes or sound. It is faster than the flicks between the frames of a movie in the theater and the ones on your TV set. Yet... this Death is more powerful than anything physical you can imagine. Please read on after the modality review.

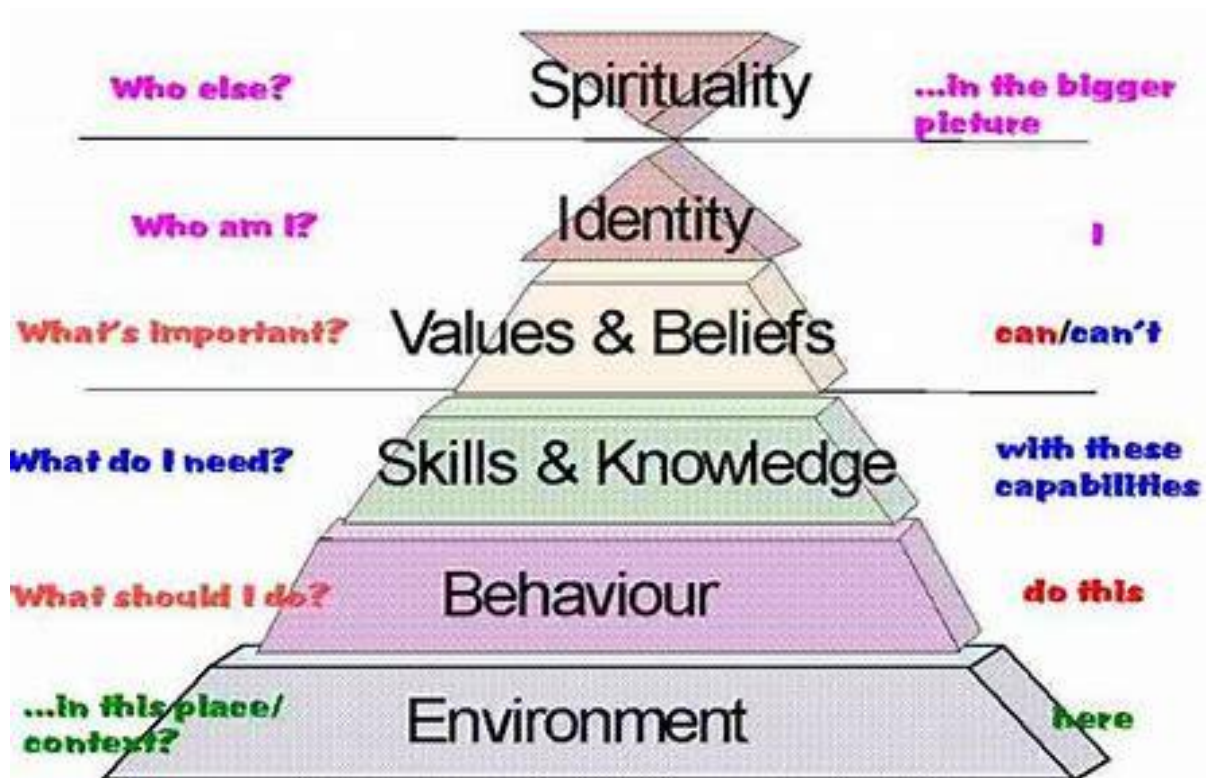

Modality Review:

I will endeavor to use Occam's Razor: “*The simplest solution is most likely the right one*” and The Great Detectives Credo: “*When other contingencies fail... whatever remains, however improbable, must be the truth*”.

(See June article for more details on each modality)

Now I will continue to present a few experiences I had that led me to believe that there is more than one reality or “Time Space Continuum” (TSC) that we are consciously experiencing. My true events may trigger a remembrance of your own whereby you may also conclude that we are living in a more complex set of realities than you previously thought.

Dilts’ Neuro-logical Levels

Towards the beginning of my awakening, I met Will-I-AM at a metaphysical meeting place called CenterPoint where people gathered and also gave seminars. This was a Friday night gathering called “The Twilight Zone”. We discovered that we were both Starseeds during the festivities and partnered together and taught NLP and HNLP classes, seminars, and certifications under the new company we formed called “Boundless Potential”. He was a significant mentor for me in the beginning, especially with his recent \$20,000+ schooling and certifications in Neuro Linguistic Programming (NLP) and Humanistic Neuro Linguistic Psychology (HNLP) which he graciously taught me as we jointly created seminars for others.

Well... One fine day in the back field of CenterPoint, he wanted me to experience stepping out of the known realities step-by-step utilizing Dilts' Neuro-logical Levels. That experience was the first time I was fully conscious of stepping into the **Void** or the **Space Between Things** or that **Eternal Divine Self** that is ALLways Fully Present in the middle of the universes blinking on-and-off.

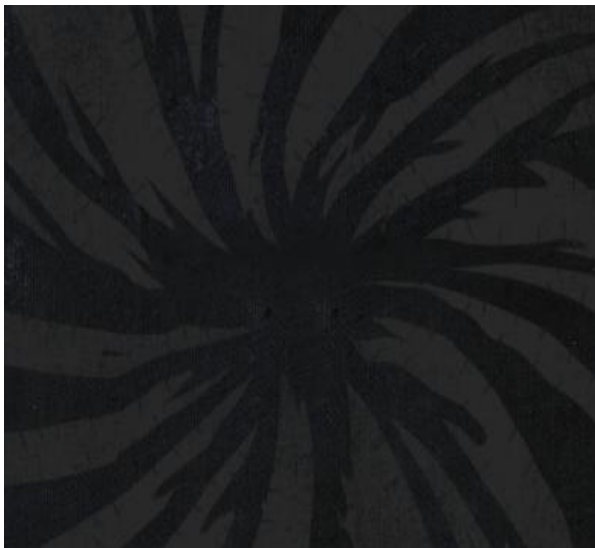

There are many ways to achieve that **Nothingness State** however this was my first conscious experience and I was happy to have a Certified Life Coach to assist me with it. We went on to teach this method after we modified the original program and added one higher level that was not in the original script. We also taught Quantum Consciousness levels one thru seven over two weekends which also achieves the same result.

Some may call this state between realities or Universes the **Now** or **Now Moment** or **IT**. This 'Now Moment' is the Ultimate... This is what many people SAY they are looking for. '**IT**' is called by many names: 'The Void' – 'The Nexus' – 'God/Source Energy' – 'Shambala' – 'Heaven' – 'The Field' – 'The Alpha & The Omega' – 'Pure Consciousness' – 'The ONE' – 'BEing Isness'. At ONE-TLC we call '**IT**': **The 'ONE' ~ Oneness Now Energy**.

When you have fully experienced '**IT**'... even for what is perceived as a split second of time... it may feel like an eternity of **Exquisite Joyful Expression that is 'BEYOND WORDS'**.

In fact... if you really want to know if someone has felt '**IT**' ... Ask them to describe '**IT**'. When they go into a blissful blank wordless stare... you know they have truly embraced '**IT**'.

What about You

This may bring to your mind some times when you experienced a blank or nothingness existence that may have felt uncomfortable at first. Think about IT!?! It may also bring to remembrance an event that appears to have gaps, overlaps, or inconsistencies about linear time or existence itself. Most people discard those moments as "*Having a Senior Moment*" or "*Brain Glitch*".

So... we Discover, Comprehend, and Know our **True Divine Nature** by the experiences we have through relationships with People, Places, Things, and Multiple-Realities. This will become common knowledge as we develop Higher States of Awareness.

Now... back to what DOES NOT EXIST that WE Create.

Bardo – Past Life Review

During my many years of assisting over a thousand clients, I discovered that every time the Unconscious Mind of a client recalled an ending of their physical body in a past life... they always found themselves in a higher and freer state of awareness. This was usually floating up and in the vicinity of white light and other High Vibrational Beings. After they get acclimated to their Higher Vibrational Form, there is usually a Life-Review.

There are usually two life reviews for each incarnation; one before entering the physical body of an embryo and one after that physical humans body dies and the Soul/Spirit moves onward. Then there is the in-between lives Soul/Spirit experience, where they usually continue the Human Spirit Form of their last incarnation in a Light-Body sort of appearance before choosing another denser physical incarnation experience.

There is soooooooooooooo much information I would love to share about the reviews coming and going however I ONLY want to emphasize that in every single case I have worked with...

There was ALWAYS a higher and more expansive form of LIFE!

In ALL the work I have done and ALL the books and channeling's of High Vibrational Spiritual Beings I have experiences with, there is ONE common understanding that is consistent amongst them ALL...

We ALL EXIST and there is ONLY NEW BEGINNINGS!

There may be the perception of a death or end to a physical body however we are NOT that physical form. We may be the one bringing energy and animation to the form which could be labeled as LIFE however when WE leave and move on to other opportunities... we take our LIFE with us.

This can be experienced in many ways other than at the end of the physical body; Dream State, OBE or Astral Projection, Deep Meditation, Plant Medicine, Kundalini Tantra, and others. We at ONE-TLC believe you can attain this Higher State of Awareness or Consciousness any time you choose and live in both states simultaneously. Dual Citizenship Beingness!

Look... NOT up in the sky...
 Look Deep Within...
 It's Faster than a Speeding Bullet...
 It's More Powerful than a Locomotive...
 It's NOT a Bird...
 It's NOT a Plane...
 It's Your Mind! (Which is NOT between your ears)

Especially when you embrace the Void between the blinks!

If you read this and are interested in talking about **IT** just for fun or whatever... call me at 979-278-3360 as I, David/LE, would be more than interested in hearing what you have experienced.

Stay tuned for next month's article on the illusion of "Fear" that we create.

Conclusion by David/LE

You actually are moving your Conscious Awareness into other already existing versions of yourself where that reality is more beneficial for your Spiritual Growth. In-between realities, which happens over a thousand times per second, your ego state of separateness blends into nothingness which is the VOID or ONENESS State of pre-physicality. How GOOD is that!?!

In future articles we will address other things that do NOT exist that we individually and collectively have vibrationally dreamed into an illusionary existence:

Time ~ Death ~ Fear ~ Duality ~ Suffering ~ Realities ~ Universe
