

Dear Cosmos

UNCONSCIOUS IMAGINATION *“Simplifying Quantum Mechanics”*

Things that DO NOT EXIST that Your Mind is Creating...

Time ~ Death ~ Fear ~ Duality ~ Suffering ~ Realities ~ Universe

Part 3 – FEAR???

It will behoove you to be totally grounded in “Who/What You Are” before continuing with this series. Therefore I highly suggest you start with taking the **FREE “Self-Discovery”** course offered by my partner Jackie who writes articles for this magazine entitled:

~ Embracing the Truth of Your Divinity ~

~ ~ ~ ~ ~

Continue reading ONLY if you are ready to take ownership of the Reality that You Created and is presenting itself back to you.

Dear Cosmos:

You presented some interesting facts about death in your July article that was evaluated and proven by Quantum Physicists. I had been fearful of death however your article helped me to rethink what exactly it is that I feared. I think it just might be simply “The Unknown”. I would appreciate your thoughts on the matter so I can let go of all fear.

Namaste letting-go-of-fear you Divine Eternal Soul:

BINGO!!! Your soul searching has provided you with a wonderful gift; the wisdom that the crux of ALL fear is simply not knowing what will happen in the future. This fear is based on previous experiences which were perceived as less-than-stellar and are stored in your brain neurons and higher mind energy aspects (Unconscious Mind). After all... if you had pleasant experiences in the past, you would be looking forward to what will happen in your future with Expectation, Excitement and Anticipation. ☺

Modality Review:

I will endeavor to use Occam's Razor: *"The simplest solution is most likely the right one"* and The Great Detectives Credo: *"When other contingencies fail... whatever remains, however improbable, must be the truth"*.

(See June article for more details on each modality)

Now I will continue to present a few experiences I had that led me to believe that there is more than one reality or "Time Space Continuum" (TSC) that we are consciously experiencing. My true events may trigger a remembrance of your own whereby you may also conclude that we are living in a more complex set of realities than you previously thought.

The Void or The Unknown:

OK... Now that you have considered from my August article that Death of the body or ego is just a doorway to higher states of awareness's and consciousness. And the Uni-verse (One Version) is blinking on-and-off with another version of reality. And the space in-between blinking is out-of-time or **The Divine Self - The Void - Unknown - Pure Potential**.

It may also behoove you to consider more fully, deeply, and completely what it is about this Void that may bring remembrances of less-than-stellar experiences you or your Aspects (Spiritual Parts of your Divine Self) had HAD. The resolution can be achieved by many means including simply taking our free Self-Discovery and Self-Mastery online courses.

One easy way would be to do the ABC exercises. We offered these years ago during our two weekend course on Quantum Consciousness 101 and 102. During that course we had an ABC exercise. This exercise was designed to completely temporarily eliminate and possibly permanently eradicate an unwanted feeling, emotion, or limiting belief. It goes like this:

ABC Exercise:

Gather into groups of three persons and designate who is A, B, and C.

Person A emotionally talks about a negative feeling/emotion, previous event, or future concern or fear they may have.

Everyone then discusses and agrees upon a few words that describe the Positive Opposite of that issue.

Persons B and C emotionally and energetically get themselves into those positive states for about a minute or two.

Person A is then asked to talk about what they were just describing earlier.

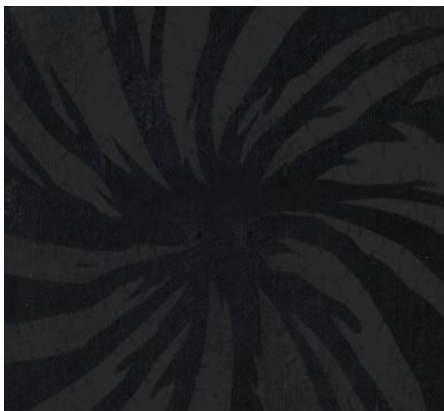

Outcome: Person A will either repeat what happened in a positive, encouraging, and joyful state of being or they will not be able to remember what their issue was while laughing about their lack of memory. (For details pertaining to how this works please feel free to contact us)

During one exercise, in which I was the B person, a good friend of mine, who was very astute and understands Quantum Physics, shared how he was fearful of going to The Void. We, persons B and C held the opposite of that fear and then asked him to tell us what his problem was.

He just kept laughing saying “What Problem... I Don’t Have Any Problems!” He couldn’t remember what he said just a few minutes earlier. He kept asking what it was he was saying earlier and we did not tell him. This was of course needed to be cleared for him to pleasantly experience The Void later during the course.

I had associated with this man often for many years after this event and he would ask me what it was that he feared and I would not tell him because it was completely eradicated from his memory and the negative feelings associated with that previous fear was permanently GONE!

What about You

This may bring to your mind a negative feeling/emotion, previous event, or future concern or fear you may have. It may also be a fear or concern about ??? or a nothingness existence that may have felt uncomfortable. Think about IT!?! It may also bring to remembrance an event that appears to have gaps, overlaps, or inconsistencies about linear time or existence itself. Most people discard those happenings as “*Having a Senior Moment*” or “*Brain Glitch*”.

So... we Discover, Comprehend, and Know our **True Divine Nature** by the experiences we have through relationships with People, Places, Things, and Multiple-Realities. And we experience Nothingness (The Void or Dark Matter or God) over a thousand times per second during the in-between states of conscious awareness’s. This will become common knowledge as we develop Higher States of BEing.

Now... How can I experience that Divine relationship?

Sounds of Silence

By: Simon & Garfunkel

**Hello darkness, my old friend
I've come to talk with you again
Because a vision softly creeping
Left its seeds while I was sleeping
And the vision that was planted in my brain
Still remains
Within the sound of silence**

**In restless dreams I walked alone
Narrow streets of cobblestone
'Neath the halo of a street lamp
I turned my collar to the cold and damp
When my eyes were stabbed by the flash of a neon light
That split the night
And touched the sound of silence**

**And in the naked light I saw
Ten thousand people, maybe more
People talking without speaking
People hearing without listening
People writing songs that voices never share
And no one dared
Disturb the sound of silence**

**"Fools", said I, "You do not know
Silence like a cancer grows
Hear my words that I might teach you
Take my arms that I might reach you"
But my words, like silent raindrops fell
And echoed
In the wells of silence**

**And the people bowed and prayed
To the neon god they made
And the sign flashed out its warning
In the words that it was forming
And the sign said, "The words of the prophets
are written on the subway walls
And tenement halls"
And whispered in the sounds of silence**

Conclusion by David/LE

You actually are moving your Conscious Awareness into other already existing versions of yourself where that reality is more beneficial for your Spiritual Growth. In my case it really wasn't about teaching Quantum Consciousness. It was about giving others a direct experience of The Void and a *glimpse* of Infinite Possibilities from which to **Create a Reality** of their conscious choosing. It may also instill a curiosity that could become a quest for more Understanding, Enlightenment, and Wisdom.
