

Embracing the Truth of Your Divinity

Your Rainbow of Potentials Awaits...

By Jackie Self

Did you know...

Did you know that You have unlimited potentials that are always available to you? Specific and certain potentials are accessible to us according to our Spiritual Maturity and Mastery. It will be beneficial to read the following article I wrote in this magazine regarding the activation of New Potentials:

Integrating Divine Senses to Activate New Potentials: January 2019

Greater potentials are more readily available as we release old beliefs, master our thoughts and emotions, and learn to be non-reactive to outside influences. Our potentials may be seen as a rainbow of colors. You may know these colors as Rays or attributes of a soul's journey or experiences. Mastering the qualities and resonating with the highest frequency of these Rays will open doorways of potentials for you.

I have previously written about these Rays. You may want to read the following article in this magazine for more information regarding the Twelve Rays of Light:

Being the New You: June 2019

I would like to take you on a journey through the twelve rays of Light. This is a wonderful way to connect with your Soul for Spiritual Growth and Evolution.

We will use the following picture of the 12 Ray Field to connect to the Cosmic Field at ONE-TLC that was initiated during Ceremony in July of 2017.

Please find a quiet space and time in which you will not be disturbed.

Instructions for this journey:

The steps below will guide you into the direction and process.
Spend as much as you desire on each Ray before moving forward.

You may use your index finger or third eye focus to experience the energy as you walk your journey through the 12 Rays which are depicted by the circles of color. The Diamond Center represents Your Inner Light which will expand within you as you participate in this journey.

You will begin on the Red Ray... then Blue... Yellow... Green... Orange... Indigo... Violet/Purple... Sea Foam Green... Blue Green... Pearlescent... Peach... Gold.

You may want to copy the above picture for ease in following the written meditation or the audio version which is available on the initial page.

Let's prepare...

Now... Take a few deep relaxing breaths... and...
Collectively Invite the Masters of each Ray to join you...
Voice any intentions silently or verbally...

Focus on your heart... connect with your Soul... and ALLOW your heart and mind to become open and ready to receive the gift of higher frequencies and insights.

You may begin to feel your vibration increasing. If you choose... now ask the Masters to turn the frequencies as high as possible for any or all of these Rays.

Let's begin...

Allow the frequency of Red to permeate your soul... on this First Ray, governed by Master El Morya, you will feel the strength and fearlessness of the Red frequency. You NOW feel encouraged to hold steadfast to the ideas and desires in Your heart... You NOW know that you can 'face any fears and walk quickly through them as they arise.

NOW... taking the next step... experience the frequency of Blue... the Second Ray governed by Master Joshua. An immediate sense of Unity and Unconditional Love may fill Your heart... synergizing your desires and intentions with the ALL... as you radiate Compassion for every living thing. Rest here for a moment absorbing these vibrations of inner Peace.

Moving forward... absorb the frequency of Yellow... the Third Ray governed by Master Serapis Bey... embrace its frequency... allowing it to illuminate your mind... dissolving any confusion and doubt... bringing new Clarity. You Now know that you will make decisions easily and effortlessly.

Let's NOW move into the frequency of Green... the Fourth Ray governed by Master Paul the Venetian. Allow this healing frequency to permeate your Being... knowing that any energetic imbalances will neutralize in this unified feeling of Harmony. NOW allow your imagination to play in Delight as your visions and dreams come to Life... and dance... with renewed passion and purpose.

Now dance... into the frequency of Orange... the Fifth Ray governed by Master Hilarion. Know that as you open your mind to greater awareness... you will receive inspiration that raises your perspective and takes you to new levels... beyond what you NOW know. This is the Ray in which True Soul Integration begins. Spend several minutes to bask in this vibrant Orange Ray of Light.

Feeling inspired and more alive than ever... move to the frequency of Indigo... the Sixth Ray governed by Master Lanto. Embrace this deep frequency of Faith and Devotion... in which your personality and mind can now fully accept your Soul. Your understanding of Devotion is elevated and you have a greater sense of Oneness with the Earth, Cosmos, and God/Creator/Source Energy.

With Trust in your heart... now glide into the frequency of Violet... the Seventh Ray governed by Lady Portia. You may feel an immediate acceleration in Awareness... which energizes you... as negativity, false beliefs, and controlling influences are now being eliminated... providing the opportunity for Transformation to take place.

Maintaining a high level of energy... you are beckoned forward... to encounter the frequency of Sea-Foam... the Eighth Ray governed by Lady Nada. As you graciously flow with this cleansing ray of Purity and High vibrations... you can eliminate any remaining fear, pain or suffering... making room for the Divine within you to be revealed. Assistance from the Pleadians is now available to enhance your cleansing process.

Feeling cleansed and purified... you Joyously move into the frequency of Blue-Green... the Ninth Ray governed by Lady Mary. You may feel the presence of the Angelic Kingdom and remember your I AM Presence... Realizing... Uncovering the Aspect of God/Creator/Source Energy within you. The Sirians wish to assist you NOW... you may feel your soul expanding.

With this new soul expansion you will find yourself attuned to the frequency of Pearlescence... the Tenth Ray governed by Lord and Lady Andromeda... you are offered the energy of Acceptance... this energy allows you to fuse your energies... finding balance between your masculine and feminine energies... creating a connection between your mind and the manifestation of your soul. Any previous studies with Masters Lady Nada and Lady Mary will have readied you for this experience of anchoring your soul within your current existence.

Feeling balanced and whole... you float into the frequency of Peach... the Eleventh Ray governed by Lady Quan Yin. Embrace and cherish the Tranquility and Peace that's filling your soul... new doors are opening and new Wisdom from the planetary and the solar level becomes available.

Tranquility and Peace are Now transforming into Bliss... which radiates from You as you are embarking on this last Ray of your journey... the frequency of Gold...

the Twelfth Ray which is governed by Lady Pallas Athena. Here you are reminded that the Christ Consciousness energy runs through your body's energy system and surrounds you constantly. You feel more serene than ever before... as your soul is filled with the frequency of shimmering gold allowing you to... complete your soul merge.

Take a few minutes now... to fully explore and embrace your journey while integrating it fully into your Being.

Your new relationship with the 12 rays will enhance your soul growth and expansion... leading to a greater awareness of your Divine Origins and Purpose.

Thank you for taking this Journey with me...
